

## Fear No Evil Craft Project

### Supplies per child:

- 1 wooden lion cutout (purchased at craft store)
- 1 wooden bear cutout (purchased at craft store)
- colored fine tip marker pens

### Instructions:

Use the markers to copy the ‘mean’ faces of the lion and bear from the coloring page onto the wooden cutouts.

\* Put the dangerous and scary looking animals in the dark death-shadowed valley. As the sheep walks through the valley he will “fear no evil” because his shepherd is with him and protects him from harm.
